

## Depositing funds

Depositing funds into your Peafx account is quick and easy. Follow these steps:

1. Open the Peafx app and log in to your account.
2. Navigate to the 'My wallet and then to deposit' section from the main wallet.
3. then you will see 'USDT' as your deposit method.
4. Ensure that you are using only BEP20 network for the transaction.
5. Copy the displayed wallet address carefully or scan the QR code provided.

Important: Double-check the wallet address to avoid errors during the transfer.

6. Open your crypto wallet or exchange platform, and initiate the transfer.
  - Choose 'USDT' as the asset.
  - Paste the Peafx wallet address in the recipient field.
  - Select the BEP20 network and confirm the transaction.
7. Complete the transfer and return to the Peafx app. Your deposit will be processed shortly.

Once your funds are credited, you're ready to start trading and exploring the powerful features of Peafx.
